PRACTICE LAB ACCESS

The Practice Lab is an electronic tax software that is integrated within Link & Learn Taxes. A link connects students to the 2014 tax preparation software which allows hands-on practice in preparing tax returns.

Go to Link and Learn Taxes on http://www.voltaxprep.com/default.aspx

Enter the password: learntwo

If you have a Practice Lab account, use your previous 6 digit number User ID and your zip code. If you do not remember your account or have no account, select the “Create New User” to create an account. Write down the 6 digit number as this is your User ID.

Note: Enter you information on the screens when creating your account.
Once you have logged onto the Practice Lab, you will have access to the software to prepare exercise returns. You may also use this software to prepare returns required for the certification test.
